Question 1. 내가 사는 집 묘사 / 집에서 내가 가장 좋아하는 방 묘사 (5)

I'd like to talk about where you live. Describe your house in detail. Do you live in an apartment or a house? What does it look like? How many rooms does it have? What is your favorite room at home? Describe it in as much detail as possible.

* O: 소개하는 표현.

Intro	Well, I live in an apartment, which is near the beach. The view from the living room is amazing. We have 4 bedrooms, 2 bathrooms, a living room, a kitchen and balcony. First of all, I'll tell you the living room. There is a sofa, a wall-hanging TV, and an air purifier.. and something like that. And you know? I like to <u>lie down</u> on the couch and watch TV having some snacks. And next to the living room, there is a kitchen. <u>You know</u>, every morning, I drink coffee at the table and it's the most precious time for me.
Body	Actually My room is <u>cramped</u> but cozy. Sometimes, books and clothes are piled up at the corner of my room. But I like my own space the most. Because there is everything that I need and absolutely the perfect place to <u>chill out</u> and wind down. 편안하게 쉬어

Question 2. 어렸을 때 집, 지금 집 비교하기 (0)

How is the home you lived in before different from the one you live in now? Compare the two places. Give a many details as possible.

(that's a difference.)

Intro	When I was a kid, <u>probably</u> I was like 9-10, somewhere in that zone. Anyway, back then, I used to live in a <u>low-rise apartment</u> with my family, on the 3 rd floor. As I remember, the view was not <u>that</u> good. Because the trees or other buildings blocked the windows. (Yeah,) but other than that, it was cozy and nice to live for my family.
Body	As I said earlier / As I told before But like, 7 years ago, I moved into a new apartment where I currently live. Now I live on 4 th floor in a <u>high rise apartment</u> . So, this one is way much better and totally different, (when it comes to) the view from the living room. ↳ 1번 내용과 달라지면 좋겠음. (모사) / 1번 내용 짧게 말해두기.

There are always problems that happened in any home. Things break, projects do not go as planned, or people you live with don't cooperate. Tell me about problems or issues that have happened in your home. *2개 골라서 하기. (1개 + 너가 1개)

Intro	Well, some episodes <u>have come to mind.</u> <u>현재완료</u>
Episode 1	First of all, I had "A problem of noise/between floors". The noise upstairs <u>has been</u> very serious since we've moved in. So my mom and dad <u>have filed</u> a noise <u>complaint</u> <u>several</u> times. I think this is a major headache for now. <u>장기하다</u>
Episode 2	(Hmm ...) another story that I come up with is a problem with the toilet, <u>a few months (back)</u> . <u>It would sound</u> a little bit dirty, so I just wanna say sorry in advance. (웃음). Well, it didn't flush because too much toilet paper was stuck inside. I tried to <u>unclog</u> it on my own, but...you know? It was not as easy as I thought. So I had to call a plumber in the end and he <u>managed</u> to fix it. I felt so thankful. You know what I mean? (웃음) <u>어려다</u>
Episode 3	And... the other day, the <u>electricity supply</u> was <u>cut off</u> . This happened at night, so I had to use the bathroom <u>in the dark</u> , which was very inconvenient.
Closing	And what else...there could be more, but <u>these 2 episodes are the things that I can come up with right now for this question.</u> <u>I'll just talk about this two.</u>

Tell me what you usually do when you watch TV shows or movies. When do you watch it? Who do you watch it with? Where do you watch it? Tell me about your typical routine when you watch TV shows or movies.

영화관 대신 넷플릭스	As a matter of fact, I don't think I go to a cinema that much, especially after Corona virus situation. I feel more comfortable to watch movies at home, sitting on a sofa. So, I would have to tell you what I normally do when watching movies <u>at home</u> on Netflix, instead of what I do at the cinema.
영화보기 전	Firstly, I like to check to see if there is any newly released movie on it. There are some categories like Horrors, Romantic movies, Actions, Si-fi.. and so on. So I like to browse them <u>for</u> several hours, and pick one onf them, like depending on my mood. And then, I read the reviews of the movie. If I feel like, "Okay, this is perfect one for tonight." then, I <u>head over to the kitchen to get some drinks or snacks and, what else, probably, go to the bathroom and, park myself on the sofa.</u> And...yeah, as you might expect, I <u>indulge in a movie that I carefully choose.</u> <u>물인.</u>
영화본 후	After a movie? I don't know. It depends who I watch with and when I watch something like that. So I can not tell you what I do after a movie exactly. But I normally fall a sleep or <u>have a chat with my friends and whatever.</u>
Closing	That's all!

-----------	---

Question 1. 우리나라 재활용 현황 묘사 (6)

I'd like to know about how recycling is practiced in your country. What do people specifically do? Tell me how things are recycled.

Intro	As far as I know, Korea is a good example <u>when it comes to recycling</u> . <u>안녕</u>
재활용을 대하는 한국사람들의 태도	And Koreans <u>take</u> recycling very seriously. Everybody <u>is very used to</u> this system. Nobody complains, and we are willing to do that! It has become our daily life.
일회용품 사용 안하기	And another way to cut back on waste is that we try our best not to use disposable stuff, like plastic bag or cups, as much as we can. For example, we just get <u>grocery bags</u> when we go for shopping. And, some people bring their own <u>tumblers</u> when they get coffee to go.
Closing	In a nutshell, recycling is very well practiced in Korea.

Tell me what recycling was like when you were a child. Did your family recycle? Was there a particular place to bring the recyclables? Describe what it was like and what you did detail.

→ 지금은 강판 규제가 생김.

과거의 재활용	Back in the day, when I was younger, recycling was not a regular practice. We just put all the garbage in the one plastic bag and took out. Even <u>food waste</u> , <u>음식물</u> as well. No one really cared about it , because there was NO proper recycling policy. But sometimes people reused things like bottles or cans. And as I remember, we collected bottles separately to bring them back to a junk shop. But it was just for the money, not for the environment.
현재의 재활용	However, <u>things have changed now</u> . Now recycling policy has been strictly enforced and we've followed this regulation quite well, since it started. <u>have p.p</u>

Can you tell me about a story or an experience you had related to recycling? Maybe something went wrong with recycling. or you might have had a discussion with a friend who disagrees with recycling. Describe your experience in detail.

Intro	Honestly, I'm deeply interested in environment, and really care about the planet. A few months ago, I watched the news related plastic waste, and it was the most memorable thing for me regarding recycling. So I'd like to share about that.
Body	The news said, plastic wastes have been increasing, due to the rise in single-person household. So many companies have started not to provide plastic stuff, like cups and straws. As everybody knows, plastic is really harmful to the environment. And it takes a long time to decompose in nature. And as you know, garbage is a huge headache in every country and a big issue these days. That's why the companies have started to put it into action. (And I also think it is one of the best ways to deal with plastic waste.)
Closing	This is the most memorable news that I've watched, when it comes to recycling.

→ 음식산업이 부상중이다 → 바빠서 매일 요리 불가능
→ 코로나 이후 배달 증가

Tell me about a big, rising companies in your country. Why is that industry or company famous, and what is special about it?

음식배달 서비스	I think 'Food delivery service' is one of the rising industries in Korea. Let me tell you a couple of reasons why it is famous these days.
이유1. 바쁨	First of all, many people are really busy. We can not manage to cook every single day. Of course, home-cooked meals are the best, but we sometimes don't have time to cook by ourselves.
이유2. 코로나	Plus, especially after Covid 19 spreading, we order in more often, and it has become a part of our lives. As a result, almost all restaurants have made a contract with delivery apps and now it is literally all the rage in Korea.
Closing	These are the reasons food delivery service is getting hotter these days.

(Q) Question 2. 위에 언급한 산업에서 잘 알려진 기업 / 일하고 싶은 회사.
Can you tell me about one promising or famous company in this particular industry?

What kinds of companies do young people want to work for these days?

Intro	In Korea, there are a couple of major Food delivery companies, like '배민' '요기요' '쿠팡이츠' and sort of things. Among them, I'd like to tell you '배민' a little bit more detailed.
Body	This app is very convenient, because we can make payments on the apps and register our address in advance. So it's much less of a hassle to order in. And the apps tell you when the food will arrive in real time on Kakao talk. Also, they have lots of job openings. And as I heard, they provide good salary and enormous benefits. And even flexible time schedule, as well. That's why everybody wants to get a chance to work there.
